In accordance with the legislation of the Republic of Uzbekistan, initiatives designed to promote women's access to higher education include:

- [interest-free educational loans](#) repayable over seven years are available to female students pursuing full-time undergraduate degrees to cover tuition costs;
- [full tuition scholarships](#) for all women enrolled in Master's programs at state-funded higher education institutions;
- [targeted quotas and grant programs](#) are implemented to support women pursuing doctoral studies and opportunities for study at foreign universities. These measures collectively expand access to higher education for women.
