

**UNIVERSITY OF WORLD ECONOMY  
AND DIPLOMACY**

**REPORT**

**On Student Services,  
Activities and  
Inclusion Support**

**2024/2025**

**Prepared by:** [Office of Transformation and Strategic Development](#)

**Responsible Unit:** [Office of Youth Affairs, UWED](#)

**Date:** April 20<sup>th</sup>, 2026

## Purpose

This report provides structured information on student services, extracurricular activities, sports and wellness participation, student initiatives, and inclusion-related support at the University of World Economy and Diplomacy (UWED). The report consolidates information provided by responsible units on student engagement, youth development, psychological and social support, prevention and campus safety, accommodation support, sports and wellness activities, student clubs, and support measures for students with disabilities. The main purpose of the report is to present the availability, organisation, visibility and monitoring of student services and activities at UWED in a clear and evidence-based format.

## 1. Responsible Units and Public Information Channels

Student services and activities are implemented through several university structures and service areas, including the **Office of Youth Affairs**, psychological support services, prevention inspector services, housing and dormitory support, sports and wellness structures, clubs and student projects, and inclusion-related initiatives. Public information on student support is made available through the [University website](#) and official communication channels, while additional activity-based information is disseminated through official university and unit-level communication platforms.

Service / activity area	Main function	Public information or evidence relevance
<b>Office of Youth Affairs</b>	Student engagement, educational and cultural events, student initiatives, social activity, youth development and student welfare coordination.	Public information on the Youth Affairs Office and student activities.
<b>Psychological Support Service</b>	Individual and group counselling, support for adaptation, stress reduction, emotional stability and personal development.	Public information on psychological support and related student support activities.
<b>Prevention Inspector Service</b>	Campus safety, prevention of violations, awareness work with students, cooperation with university administration and law-enforcement bodies.	Relevant for student welfare, safety and ethical conduct.
<b>Accommodation / Dormitory Support</b>	Assistance with housing, dormitory placement, online application and monitoring procedures.	Public and internal information on dormitory and accommodation services.
<b>Sports and Wellness Structures</b>	Sports participation, competitions, wellness infrastructure, physical development and healthy lifestyle activities.	Public communication through university and sports-related channels.
<b>Clubs and Student Projects</b>	Student leadership, academic engagement, debates, MUN, intellectual competitions, student research and volunteer initiatives.	Public information through student activities, social life and unit-level channels.
<b>Inclusion Support</b>	Identification of students with disabilities, individual educational adjustments, scholarship support, dormitory placement, inclusive education activities and cooperation initiatives.	Relevant for student-centred learning, equal access and inclusion.

## 2. Summary of Key Student Services and Activity Indicators

UWED records participation in academic, scientific, sports, social and inclusion-related activities and uses this information to document student engagement and support outcomes.

Indicator	Reported figure	Evidence note
Student scientific publications and creative outputs	173	Reported for Bachelor-level students; includes scientific articles, theses, books and other creative outputs.
Participation in sports among students	86%	Reported increase from 84% in 2024/2025 to 86%.
Participation in sports among staff and students	95%	Reported as a combined indicator for professors, employees and students.
Participation in "Student of the Year" and Five Important Initiatives competitions	50%	Reported as participation relative to the total student body.
Active clubs and projects	30+	Clubs and projects supporting intellectual, social, leadership and civic development.
Students with disabilities	37	Includes 17 female students.
Students with disabilities receiving 50% additional scholarship support	31	Reported support measure.
Students with disabilities placed in dormitory accommodation	24	Reported accommodation support measure.

## 3. Student Services

### 3.1 Youth Affairs and Student Engagement

The [Office of Youth Affairs](#) supports students' social engagement, educational and cultural development, and participation in university life. Its activities include the organisation of educational and cultural events, support for student initiatives, coordination of youth-related activities, and the promotion of students' social responsibility and active citizenship. The Office contributes to the broader student-centred environment by complementing formal academic study with civic, cultural, leadership and social development opportunities.

### 3.2 Psychological Support

[Psychological support](#) at UWED is aimed at strengthening students' emotional stability and helping them address stress, adaptation difficulties, academic pressure and personal challenges. The information provided by responsible units indicates that the service includes individual psychological consultations, group sessions, personal development training, stress-resilience training and time-management activities. These measures support students' well-being and contribute to academic adaptation and retention.

### 3.3 Campus Safety and Prevention

The Prevention Inspector Service contributes to a safe campus environment by supporting public order, preventing violations and negative incidents, conducting awareness and advisory work with students, and cooperating with university administration and relevant law-enforcement bodies. This function complements UWED's wider ethical and disciplinary framework and supports a secure learning environment.

### 3.4 Housing and Dormitory Support

[Housing and dormitory-related services](#) support students in securing accommodation and managing dormitory placement. The information provided by responsible units refers to online applications and monitoring

systems for housing and dormitory placement. These services are particularly relevant for students from other regions and contribute to a stable living and learning environment.

## 4. Sports, Wellness and Student Development Activities

[Sports and wellness activities](#) form an important part of UWED's student development environment. According to the information provided, UWED maintains a swimming pool, football field, basketball field, volleyball field, gym, sports hall, and recreational facilities such as chess/checkers and table tennis areas in the student dormitory. Student participation in sports reached 86%, compared with 84% in the previous academic year, while all first-year students were reported as covered by sports activities.

The University also supports student participation in internal and external competitions, including activities under the Five Important Initiatives, Universiada, Student League, Navruz, Rector's Cup and other events. These activities support teamwork, physical well-being, discipline, social integration and student engagement.

## 5. Clubs, Projects and Student Initiative

UWED reports 30+ active [clubs and projects](#) that contribute to students' intellectual, social and leadership development. These structures provide students with opportunities to participate actively in university life, develop initiative and strengthen collective responsibility. Major clubs and projects with significant student participation include:

Club / project	Reported participation	Developmental relevance
UWED MUN Club	<b>2,136 students</b>	Model United Nations, diplomacy, negotiation, public speaking and international agenda-setting.
Student Scientific Society	<b>1,718 students</b>	Student research, scientific engagement and academic communication.
Zakovat Intellectual Club	<b>1,425 students</b>	Intellectual competitions, analytical thinking and teamwork.
UWED Debate Club	<b>1,414 students</b>	Argumentation, public speaking, critical thinking and civic communication.

These clubs contribute to student-centred learning by creating an educational and social environment in which students participate not only as recipients of knowledge, but also as active contributors to university life.

## 6. Inclusion Support and Students with Disabilities

The information provided by responsible units indicates that UWED works systematically with students with disabilities. A register of students with disabilities has been formed in accordance with institutional requirements. At the time of reporting, 37 students with disabilities were enrolled, including 17 female students.

Category	Reported number	Note
<b>Group I disability</b>	4 students	All reported as female students.
<b>Group II disability</b>	28 students	Includes 13 female students.
<b>Group III disability</b>	5 students	Includes 1 female student.
<b>Visual impairment</b>	2 students	Includes 1 female student.
<b>Mobility impairment</b>	4 students	Includes 3 female students.
<b>Other forms of disability</b>	31 students	Includes 13 female students.

Support measures include a **50%** additional scholarship for **31** students with disabilities and dormitory placement for **24** students with disabilities. The information also states that academic units review the type and degree of disability and organise the learning process according to the individual situation of the student. Where necessary, teaching methods, assignments, assessment criteria and consultation arrangements are adapted to the student's physical and psychological capacities.

For students with disabilities who need to repeat courses or trimester study, the provided information refers to a support measure under the Academic Regulations, according to which a **75%** discount may be applied following consideration by the Educational-Methodological Council and formalisation by university order.

## 7. Inclusion-Related Activities and Community Engagement

In addition to individual support measures, UWED reports activities aimed at developing inclusive education and social responsibility among students. These activities include expert-group work, training, visits to specialised educational institutions, volunteer engagement and charity initiatives.

Activity	Description	Relevance
<a href="#">Inclusive education expert group</a>	A group involving students with disabilities and members of the <a href="#">UWED Legal Clinic</a> was formed to support inclusive education awareness and capacity-building.	Training seminars, interactive sessions and consultations on disability rights and inclusive education.
<a href="#">Visit to specialised school No. 105</a>	UWED representatives visited a specialised school in Mirzo Ulugbek district and conducted consultative masterclasses.	Local cooperation and exchange of inclusive education practices.
<a href="#">Tabassum Inclusion Centre visit</a>	Students participated in masterclasses and charity activities with children with disabilities.	Inclusive communication, social responsibility and cooperation culture.
<a href="#">Qaldirg'och project</a>	UWED Legal Clinic students visited a specialised school for blind and visually impaired children.	Legal awareness, interactive educational activities and social support.
<a href="#">Charity volunteer movement</a>	Student volunteers support vulnerable groups, including children and youth with disabilities.	Development of social responsibility, solidarity and civic engagement.

## Supplement 1 to the Report on Student Services, Activities and Inclusion Support

# List of UWED Students' Scientific and Creative Works (173 Items)

<b>Institution</b>	University of World Economy and Diplomacy (UWED)
<b>Item</b>	List of students' scientific / creative works
<b>Number of items</b>	173
<b>Date</b>	5 December 2025

**Purpose of the supplement.** This supplement provides documentary evidence of student academic and creative engagement at UWED. It presents the approved institutional list of 173 student scientific and creative works, reflecting students' participation in research, analytical writing, academic publication, conference activity and creative output. The supplement is intended to support the main report by documenting student initiative, academic participation and the development of a research-oriented student environment. It provides evidence that student engagement at UWED extends beyond formal classroom learning and includes scholarly, analytical and creative activities across different faculties and levels of study.
