

Smart University

UWED digital ecosystem and platform structure

Resolution of the President of the Republic of Uzbekistan “On measures for the systemic reform of the activities of the University of World Economy and Diplomacy”, (23.07.2022), № RP-330: “Smart University” transformation

- Academic integrity and technology-enabled learning (incl. anti-plagiarism).
- Personalised learning via digital content platform (programs, textbooks, research, multimedia, recorded lectures).
- Individual educational trajectories for BA/MA students (incl. prerequisite sequencing).
- Digital library and access to authoritative global research databases; electronic repository of theses and works.
- Digital management of teaching & research processes and end-to-end document workflow.

This report summarises the current platform landscape supporting the Smart University model at UWED.

Central portal provides unified access and status visibility across the ecosystem.

my.uwed.uz - centralized digital identity & information portal

- Provides **unified authentication**, standardised digital profiles, and structured information flow across the academic community.
- Does not replace existing administrative platforms or formal application workflows; it unifies access, status visibility, and institutional communication.
- **Single Sign-On (SSO)** to university services and systems.
- Digital profiles for **academic staff and administrative personnel**.
- Real-time visibility of operational and academic statuses (**tickets, booking, etc.**).
- Centralised **official announcements and institutional notifications**.
- Standardised **integration** across internal information systems.

To simplify the process of blocking campus access for **former employees**:

- a dedicated **platform** was developed to enable HR staff to independently block access for dismissed employees;
- responsible university staff received a **presentation and training** on the use of the platform.

Digital Grant Application Submission

To facilitate the submission of grant applications, dedicated digital **platforms** were developed for different categories of users:

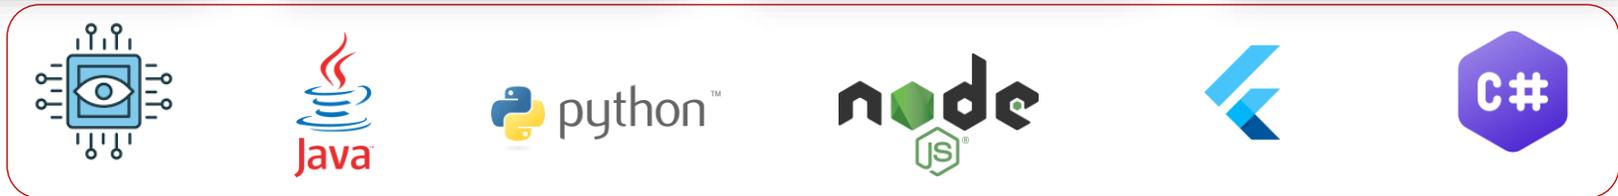

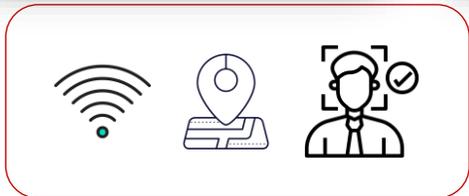

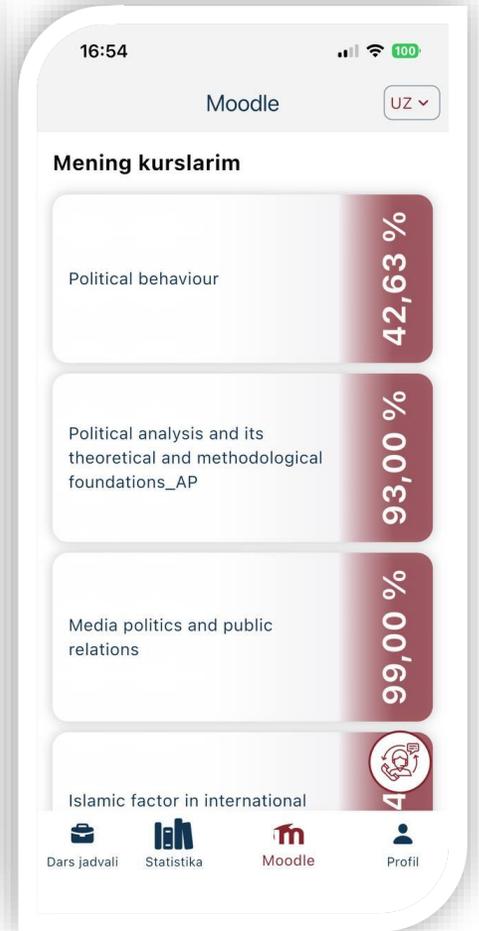

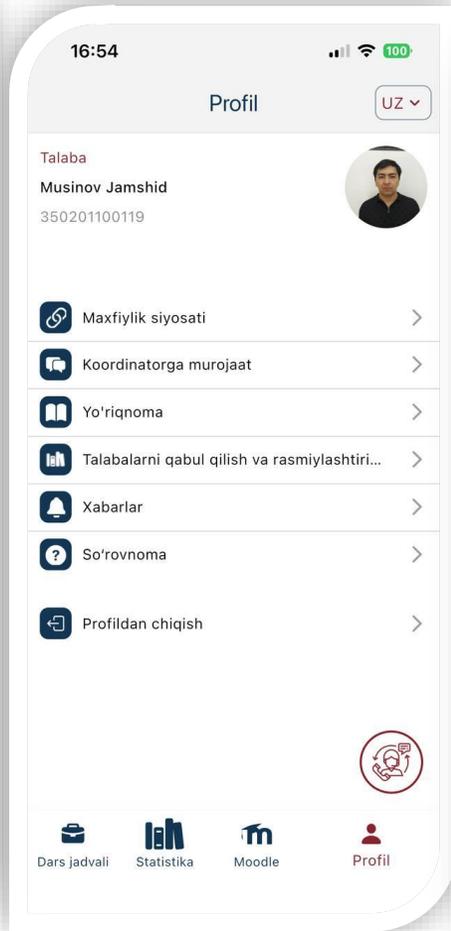

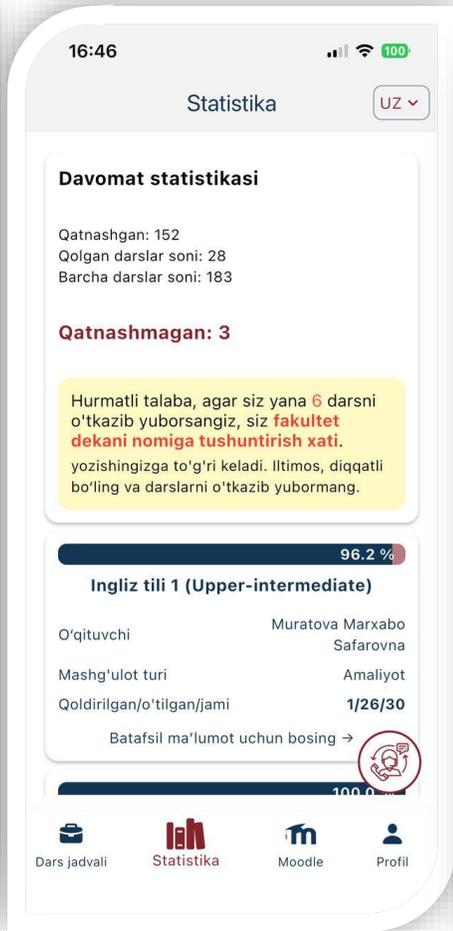

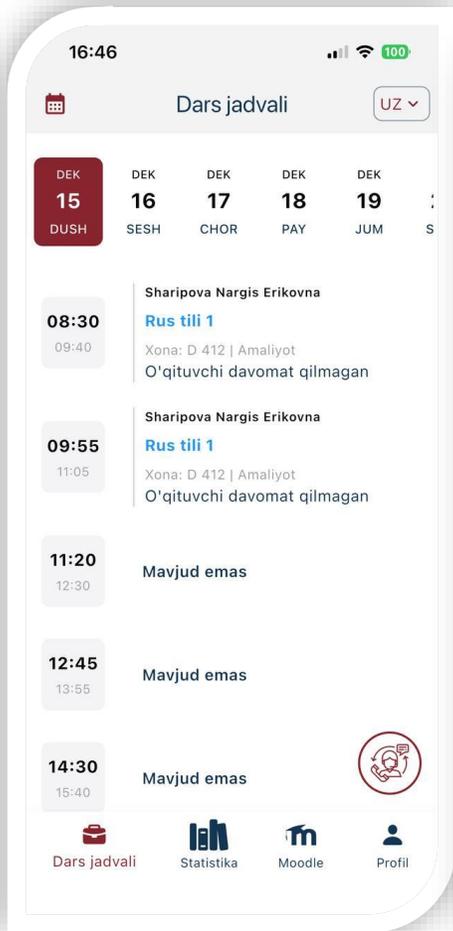

- **students - talaba.uwed.uz**
- **administrative staff - manage.uwed.uz**

TALABA - student and faculty digital companion (web + mobile app)

- **Personal timetable** and real-time updates.
- **Digital attendance:** start/end of class, student confirmation via mobile app.
- **Student requests**, appeals, and notifications to university administration.
- **Instructor tools:** attendance, activity and academic performance analytics.
- Integration with **calendars** and **internal university systems**.
- **Data protection** and confidentiality controls.

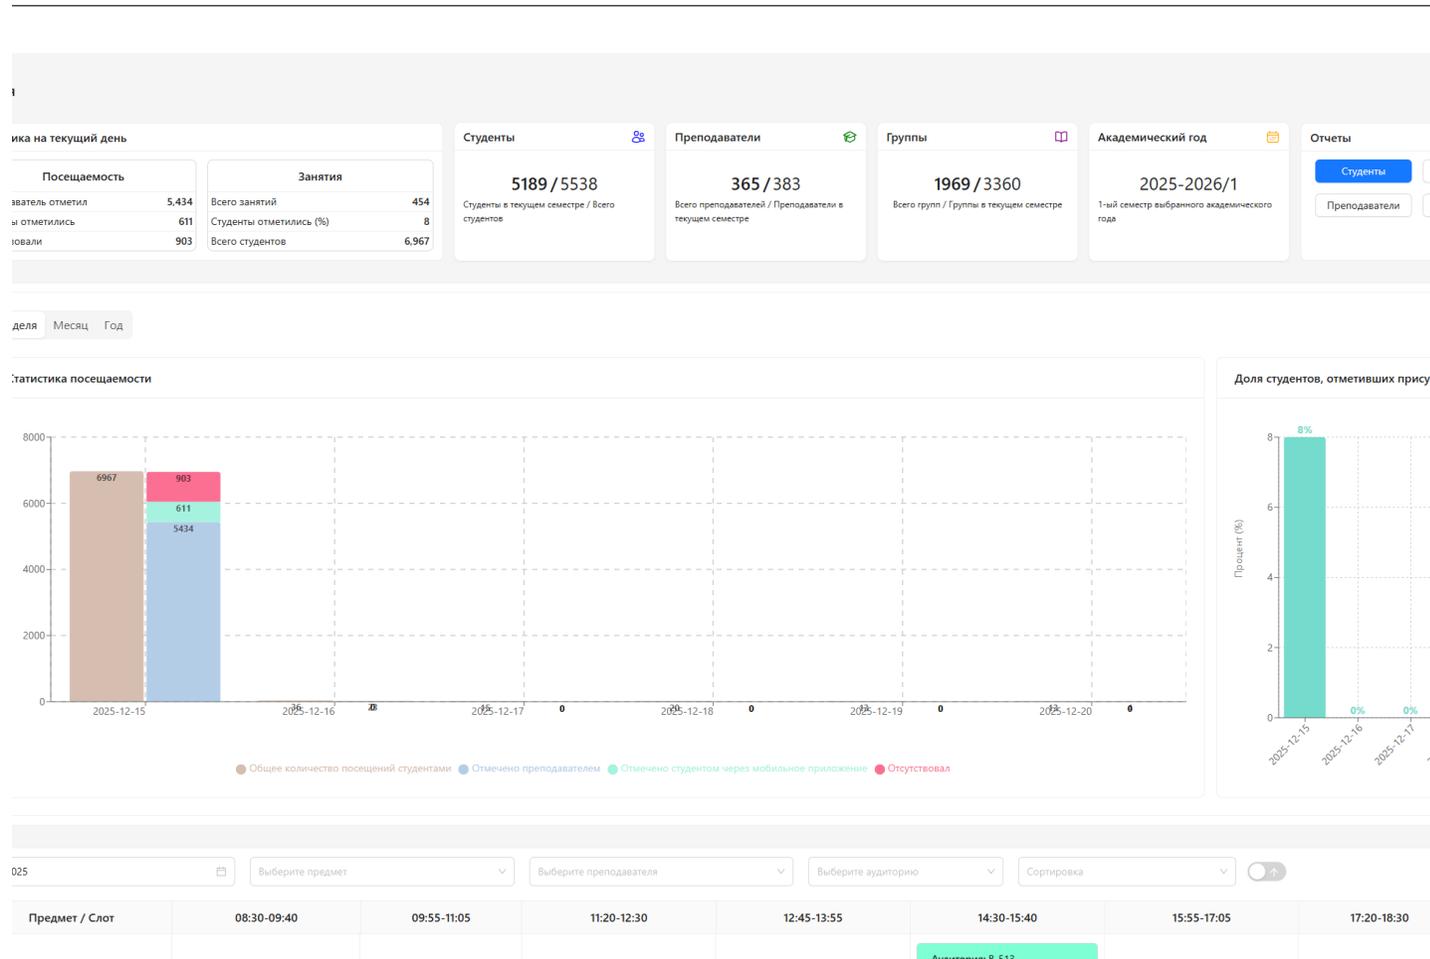

UWED Digital Platforms: Talaba

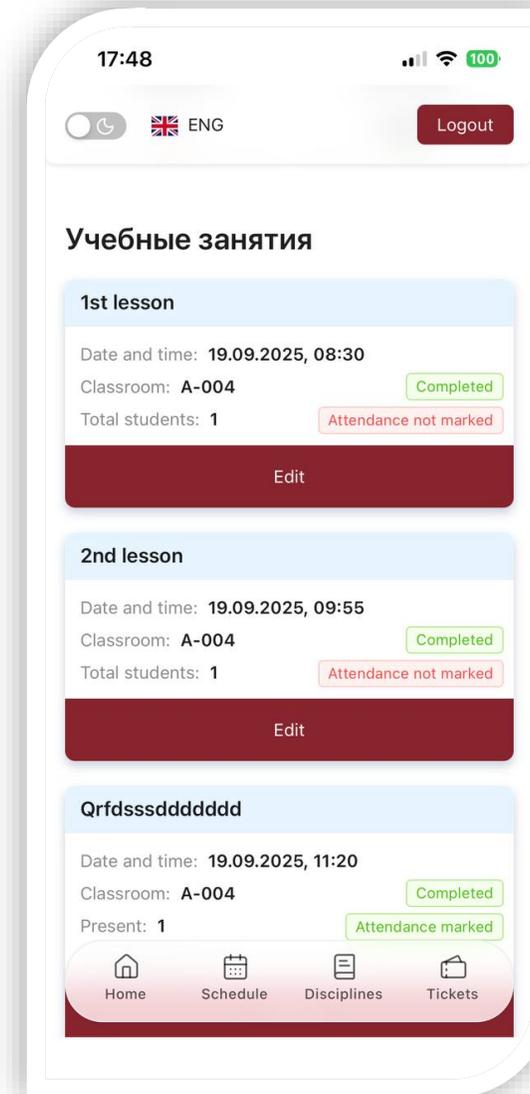

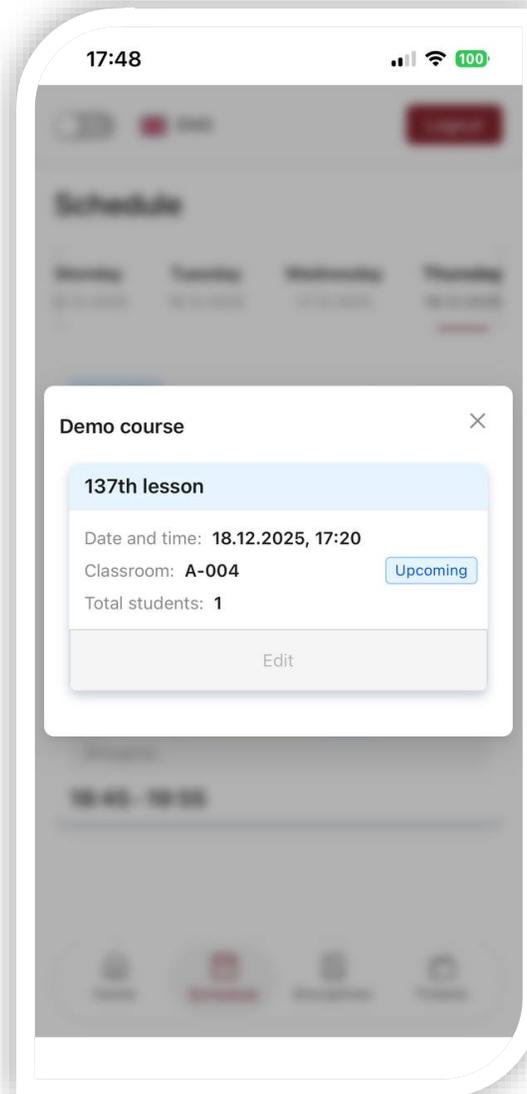

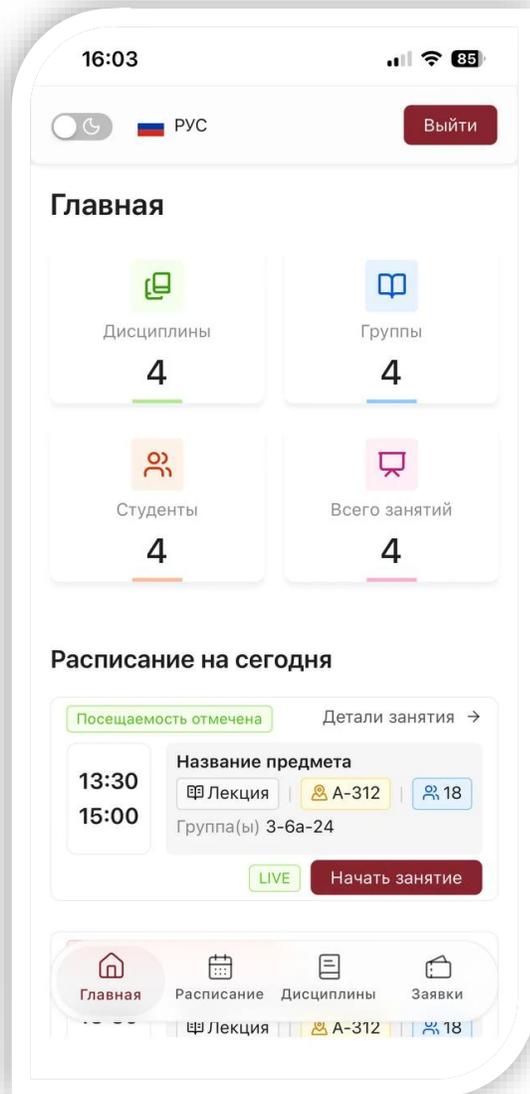

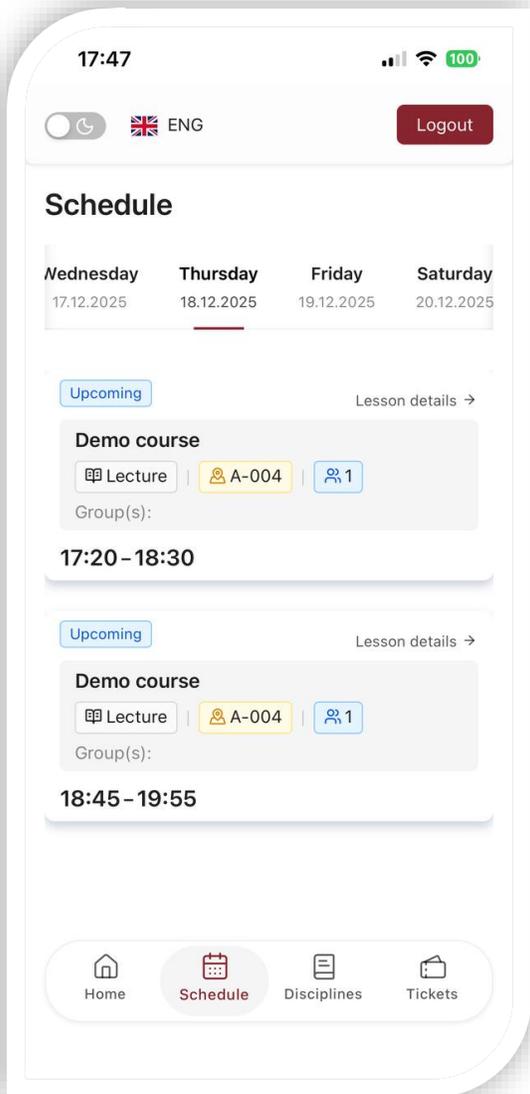

Monitoring - academic indicators and operational visibility

Key outputs

- Daily attendance and lesson execution metrics;
- Student / faculty / group-level dashboards;
- Room utilisation and schedule adherence;
- Exportable reports for management and quality assurance.
